## ***INTRODUCTION***

Fleet Services is the centralized fleet reservation and management information system run by the Office of Management and Budget, Government Support Services, Office of Fleet Services. Fleet Services is composed of passenger and specialty vehicles used by agencies, other than those exempted by the Director, Office of Management and Budget, and vehicles covered by Title 29, Delaware Code, §7105.

The old system of allowing each State agency to own and maintain its own vehicles was too costly and contributed to the problem that vehicles were old and inequitably distributed among departments. Fleet Services unified fleet management, significantly reducing annual maintenance, repair and replacement costs. This will save the taxpayers of our State millions of dollars.

Fleet Services supports over 2000 vehicles some of which are leased to individual agencies and others located at 37 sites statewide. Over 10,000 State employees are enrolled in the service. Maintaining a network of public and private service facilities, Fleet Services provides 7 days per week, 24-hour coverage to support the missions of our State agencies.

This handbook is meant to serve as an introduction to Fleet Services. Employees should consult the Office of Fleet Service's Policies and Procedures Manual for the complete rules and regulations of Fleet Services.

---

## FLEET SERVICES REFERENCE GUIDE

### FLEET SERVICES ELIGIBILITY

Eligibility to rent or use a vehicle from Fleet Services is determined by the following:

- You must have a valid driver's license.
- You must use the vehicle for State business.
- You must be authorized by your agency

In order to become authorized by your agency, you must complete an *Authorized Driver Designation (ADD) Form*, and have it signed by your Division Director, agency head, or authorized designee. The Fleet Administrator must also approve the form.

### VEHICLE PICK-UP SITES

The Office of Fleet Services has established vehicle pick-up sites, which serve many locations. Each facility in the service area is assigned to a primary pick-up site where an employee will usually be sent to pick up a vehicle. If a vehicle is unavailable at the primary pick-up site, the employee will usually be deferred to a secondary pick-up site.

The Fleet Services Reservationist will advise you of your vehicle pick-up site when your reservation is confirmed via fax confirmation sheet.

### RATES AND DISCOUNTS

#### DAILY

A daily rental rate will be charged. Included in this rate are fuel and a daily mileage allotment of 100 miles for out-of-state trips. An additional charge will be added for every mile over the 100 miles per day allotment.

#### DISCOUNTS

To encourage fax, e-mail, and Intranet-Internet reservations, **Fleet Services offers a discount of 20% off the daily rental rate** if your reservation is made by any of these means. Phone requests do not receive a discount.

---

## RESERVATIONS

Reserving a vehicle is easy and convenient:

**By fax dial (302) 739-5450**

**E-Mail address:**  
**[fleet.reservation@state.de.us](mailto:fleet.reservation@state.de.us)**

**By Intranet:**  
**<http://intranet.state.de.us/dss/contact.shtml>**

**By Intranet:**  
**<http://gss.omb.delaware.gov/>**

**By Phone call (302) 739-CARS**

Please supply the following information with your reservation request:

- Your name, phone number, and fax number
- Your driver's license number
- Type of vehicle preferred (sedan, truck, mini-van, etc.)
- Number of people traveling in your vehicle
- Date and time you intend to pick up your vehicle
- Your destination
- Anticipated return date/time
- Any change from your standard billing code

## CONFIRMATIONS

Any reservation request (fax, e-mail, Internet or phone) will be confirmed by e-mail or fax within 2 business hours after receipt. Business hours: 7:30 am – 5:00 pm, Monday to Friday, excluding holidays.

Reservation confirmations will indicate the vehicle pick-up site and the location where you can obtain the keys. This form should be given to the Keykeeper at your pick-up site. Whenever possible, this site will be conveniently located near your work location. The Keykeeper will have a sheet you will need to sign to take your vehicle. Please note that by your signature, a driver certifies that he/she is legally licensed, as recognized by the Division of Motor Vehicles, to operate a vehicle on Delaware highways. The driver also acknowledges that he/she must maintain that license to remain an authorized driver in the Fleet Services system. It is important that all drivers recognize it is their responsibility to maintain a valid driver's license as a condition to driving any Fleet Services vehicle.

If keys are not returned to the pick-up site according to the reservation return time, the driver will be charged for keeping keys beyond the reservation.

---

## GETTING KEYS FROM KEYKEEPERS

You must pick up the keys during normal business hours. If you need to leave before business hours the next day, indicate this on your reservation request. You may take the keys with you, but the vehicle *must* remain at the pick-up site. *The vehicle may not be taken home with you unless you have prior authorization from Fleet Services.*

Regarding reservations covering a two-week period, unless the vehicle is also reserved for the weekend period, the vehicle must be returned on Friday to accommodate any weekend reservations, servicing, or cleaning. You may keep the keys but the vehicle must be returned to the pick-up site.

## KEEPING VEHICLES CLEAN

For your convenience, trash cans are usually available at the pick-up sites. You must remove trash from your rental vehicle before returning it. Vehicles requiring major interior cleaning will incur a surcharge to your agency/department. The charge for vehicle detailing may exceed \$100.00. Minor interior and all exterior cleaning will be the responsibility of Fleet Services.

## LATE RESERVATIONS

Fleet Services cannot guarantee an available vehicle if a reservation is late. However, allowances are made for emergencies as discussed under "Emergency Reservations".

Reservations made less than 2.5 business hours prior to pick up are considered late. Business hours are 7:30 a.m. – 5:00 p.m., Monday to Friday, excluding holidays.

---

## EMERGENCY RESERVATIONS

You may phone in a request for a vehicle on an emergency basis; that is, with less than 2.5 hours notice, and be guaranteed a vehicle. Emergency vehicle reservations must be consistent with your department or agency's emergency vehicle policy and will be documented in Fleet's files. Copies are available from your department/agency. Please be aware that requesting a vehicle on an emergency basis should be considered serious and may cause considerable inconvenience to other drivers. Emergency vehicle reservations will be confirmed at the time of the request.

## PICKING UP YOUR FLEET VEHICLE

You can usually expect to pick up your vehicle at your primary vehicle pick-up site (see the Fleet Services Pick-Up Site List). If a vehicle is not available at your primary vehicle pick-up site, you will be notified of an alternate site when you receive your faxed reservation confirmation sheet. You may choose to park your personal vehicle at the confirmed pick up site. However, Fleet will not be responsible for any parking fines or fees for your personal vehicle.

**Vehicle Check** - Drivers should check the assigned vehicle before departing the pick-up site, i.e. lights, turn signals, tire pressure, fuel gage, hood secure, etc. and report any issues **PRIOR** to taking the vehicle. Drivers are also requested to check the vehicle tag expiration date on the license plate as Fleet Services has experienced a number of tags being removed from Fleet vehicles.

## RE-FUELING VEHICLES

Before turning in your vehicle, check the fuel gauge. If the gauge reads at or below one half (1/2) tank, you must re-fuel the vehicle. Failure to re-fuel will result in a penalty charge assessed to your agency/department. ***Please be sure to re-fuel using only regular unleaded fuel.***

All authorized drivers will be issued a FUELMAN Personal Identification Number. The FUELMAN card is assigned to each vehicle and enables you to purchase fuel at any FUELMAN location.

---

## ALTERNATE FUEL VEHICLES

Fleet Services is mandated by the Federal Energy Policy Act to acquire a certain percentage of alternatively fueled vehicles. As this percentage increases, Fleet customers will begin to see more of these types of vehicles. We currently have a large percentage of environmentally friendly vehicles that are fueled by sources ranging from electricity to natural gas. Vehicle manufacturers have guaranteed that, although a new concept, these vehicles are safe and have endured rigorous testing.

**ALL refueling with alternative fuel will be handled by Fleet Services personnel.**

## RETURNING FLEET VEHICLES

Return your fleet vehicle to the designated parking area at the *same location* from which you picked it up. Approval from Fleet Services *must* be obtained at the time of reservation if you plan to return a fleet vehicle to a site other than its origin. If a vehicle is returned to a site other than its origin without prior approval, your agency will be charged an additional two-day rental charge. If you return to the vehicle pick-up site during normal business hours, hand the keys back to the Keykeeper. If you return after normal business hours, put the keys in the locked key box at the vehicle pick-up site. Check with the Keykeeper or call Fleet Services for the exact location of the lock box.

## OUT-OF-STATE TRAVEL

When traveling out of state, you must report the trip mileage on the form faxed to you with your vehicle confirmation. This form should be faxed to Fleet Services immediately upon your return. You may call Fleet Services for information about out-of-state fueling sites. You may also access FUELMAN sites via the internet at [www.fuelman.com](http://www.fuelman.com). If you are unable to locate any FUELMAN locations out of state, you may purchase regular unleaded fuel and submit a Personal Expense Reimbursement (PE) to Fleet Services upon your return.

---

## SPECIAL EQUIPMENT REQUESTS

Some special equipment, such as child safety seats, portable car phones, two-way radios, antennas, and emergency/safety lights can be obtained from your own agency/department. Your agency/department will control the distribution of that equipment.

Title 29, Delaware Code, §7107, requires that all vehicles be marked with “STATE OWNED” license plates. If you require a vehicle without the “STATE OWNED” designation on the license plate, you must indicate that requirement on the *Authorized Driver Designation Form*. The accompanying *Exemption from “STATE OWNED” License Plate Designation Form* must also be completed and approved. The Agency Head or School Superintendent must sign this accompanying form before it can be processed. You cannot obtain a vehicle without the “STATE OWNED” designation without proper approval.

If you require taking a vehicle home for any reason, you *must* indicate that requirement on the *Authorized Driver Designation Form*. The Agency Head or School Superintendent must also sign the accompanying *Vehicle Housed at Employee Residence Form* before it can be approved. **You may not take home a fleet vehicle without proper approval.**

## EMERGENCY WEATHER POLICY

The emergency weather policy goes into effect in areas where the Governor has declared a weather emergency and in areas where State offices are closed. Weather-related emergencies do not incur a cancellation surcharge when:

- You are scheduled to attend a meeting in an area that is closed;
- You work in an area that is closed; or
- You are scheduled to pick up the vehicle in an area that is closed.

There may be a time when you do not want to drive because of local weather conditions. In that case, you must cancel your reservation. Upon request, the Fleet Administrator will review your cancellation and determine if the late cancellation surcharge is warranted.

---

## **ACCIDENTS/BREAKDOWNS IN DELAWARE**

Employees should report any mechanical problems they experience, either by filling out a Quality Review Form located in the glovebox or by calling 739-CARS. Certainly, serious concerns should be called in as soon as possible.

Accidents or breakdowns occurring during business hours should be reported to 739-CARS or 1-800-273-CARS. The employee will be taken to his/her destination by Fleet Services. Fleet Services will handle all necessary towing and repairs when the vehicle is within the State. Fleet Services adheres to the State contract vendor for vehicle towing.

Should an accident or breakdown occur after normal business hours, employees should call the emergency number (1-800-613-7443) printed on the visor card, confirmation form, and the front license plate. Fleet Services personnel will arrange transportation to your destination. Fleet Services will arrange for any vehicle towing or repair.

## **ACCIDENTS/BREAKDOWNS OUTSIDE DELAWARE**

Employees must report accidents or breakdowns occurring out-of-state during normal business hours to Fleet Services at 1-800-273-CARS. Accidents or breakdowns occurring after normal business hours should be reported to Fleet Services at the emergency number posted in the vehicle (1-800-613-7443). Stay on the line as you are instructed.

Employees are authorized to arrange for out-of-state towing of the vehicle and/or emergency repairs costing up to \$250 without prior consent from Fleet Services. This \$250 limit does not include the cost of towing. Any repairs over \$250 must receive consent from Fleet Services. The employee's agency/department will be reimbursed for repair and towing.

## **PERMITTED USE OF FLEET SERVICES VEHICLES**

The use of a Fleet Services vehicle is restricted to Official State business. Reserving a Fleet Service vehicle for purposes other than conducting State business is prohibited as pursuant to Title 29, Delaware Code, §7106.

---

## TRANSPORTATION OF SCHOOL-AGE CHILDREN

Title 14, Delaware Code, §2911, prohibits the transportation of preprimary, primary, and secondary pupils in vehicles rated to carry 10 passengers in addition to the driver. This law applies to trips from home to school or any school-related events. Vehicles needed to transport more than 10 pupils must meet State of Delaware and federal specifications applicable to school buses. **Fleet Services will not reserve 12 or 15 passenger vans for the purpose of transporting preprimary, primary, and secondary pupils on trips from home to school or any school-related events.**

## CANCELLING A RESERVATION

You may fax, e-mail or phone your cancellation. There is no penalty when a cancellation is made at least 2.5 business hours prior to scheduled pick up. Cancellations made less than 2.5 business hours prior to a scheduled pick up will result in a penalty charge assessed to your agency.

## RESERVATION NO-SHOWS

A reservation will be declared a “no-show” if a vehicle is not picked up within one hour after the scheduled pick up time. The penalty for a no-show is payment of a full day’s rental (including 20% surcharge) rate to compensate for lost revenues due to the vehicle being unavailable for other drivers. You may change your reservation pick-up time up to one hour past the scheduled pick up time without penalty. If you arrive after the one-hour grace period, Fleet Services cannot guarantee you a vehicle.

## PARKING FEES

Your agency/department will be responsible for reimbursing employees for all appropriate parking fees.

---

## **MOTOR VEHICLE LAWS**

Under Title 21, Delaware Code, §4802, all employees and their passengers are required by law to wear seatbelts.

## **INSURANCE COVERAGE**

The State of Delaware provides accident protection for approved State personnel acting within the scope of their employment and for all Fleet Services vehicles. In the event of an accident, the driver's agency/department is responsible for the \$500 collision coverage deductible. This is charged when the accident occurs to allow necessary vehicle repairs to be done. If at a later date the Insurance Coverage Office is successful in recovering the vehicle repair costs, the Insurance Coverage Office will reimburse the department/agency for the \$500 deductible.

The State will not provide coverage for vehicle repair to an employee's vehicle used for State business. Any questions concerning insurance coverage should be directed to the State Risk Manager at (302) 739-3651.

Your department/agency can provide you with its policies for reimbursing employees for mileage expenses incurred while driving a personally owned vehicle to conduct State business.

## **USING PERSONAL VEHICLES**

The State will not provide insurance coverage to repair an employee's vehicle for damages incurred when it was used for State business. Your personal automobile policy provides primary coverage for accidents in which you are involved.

---

## COMMUTING

In accordance with Title 29, Delaware Code, §5117(a), drivers are not permitted to commute to and from their normal work site in a State-owned vehicle.

## SMOKING POLICY

Pursuant to the Governor's Executive Order Number Seventy-One, Smoking in all State-owned vehicles is prohibited.

## HITCHHIKERS

No hitchhikers are allowed in Fleet Services vehicles.

## EMPLOYEE DRIVER STATUS

Employees must report changes in driving status to their agency's Fleet Representative. This includes license expiration, suspension or revocation.

Agencies/departments must report driver status changes to Fleet Services on the *Authorized Driver Designation Form*.

## ACCOUNTING PROCEDURES

The billing of agencies/departments by Fleet Services is done by electronic transfer. Each employee's reservation is billed to the DFMS expense code indicated on the employee's *Authorized Driver Designation Form*. A driver may instruct Fleet Services to bill an alternative expense code for a vehicle rental at the time that their reservation request is made. However, this information must then be confirmed in writing to Fleet Services.

## EMPLOYEE SEPARATION/TERMINATION TRANSFER

Agencies/Departments must report an employee's separation/termination or transfer to the Office of Fleet Management on the *Authorized Driver Designation Form*.

---

## VEHICLE PICK-UP SITES LISTED BY COUNTY

Please note: all pick-up times are subject to change. Fleet Services does not manage most of these sites. Therefore, we are unable to mandate times.

### New Castle County (NC)

**NC1 – Carvel Office Building Garage**

(7:00–4:30) From Rt. 13 to 8th Street, make a left. Make a right on French Street. Turn right on 9th then turn right into the garage. Fleet will not pay for the cost of parking your personal vehicle.
